What do you know about different cultures? We live in a diverse world. Cross-cultural connection is our today, our tomorrow, and our future. Here is your chance to see, if you have anything in common, between your ways of life verses another society. What you can learn regarding another ethnic group and what you can share with someone else, as well?

Layla's Creative Literature is a supplemental way to mentor the minds of people who enjoy learning. In 2008, Kaleo-Alohalani Inspirational Services, Inc.® embarked on creating ethnic unit studies to promote cultural diversity. This is excellent material for parents of home-schooled children and teachers with multiple grade levels.

Everything is available at your fingertips...Packets include exercises, quizzes, exams, games, and suggestions. You do not need a college degree to learn from this material or to teach the lessons to someone else. Visit our website at <http://www.laylascreativeliterature.net>
